

SchmuckAUKTION 2016

You are kindly invited to the jewellery auction, on Friday the 26th of February, in the historic Aula of the Academy of Fine Arts, Munich.

The jewellery department of the academy organizes an auction of 50 contemporary jewellery pieces, as part of a bigger investigation of jewellery in context, and to the occasion of "Schmuck 2016". We present a broad collection of eminent artistic work. The participating artists were selected by the current students, and all artists presented, have in common that they have studied jewellery in the Academy of Fine Arts, in the classes of the professors Rickert, Jünger, Künzli or Pontoppidan.

The selected pieces will be published on the 12th of February on our website and the work can also be viewed in the historic Aula on the 26th of February from 11.00 – 15.00 hrs.

The auction will be held as an open ascending price auction, where all participants bid openly against each other and the highest bid wins. All auctioned pieces must be paid directly, preferable in cash, but we also offer the possibility of payment with the following credit cards: Visa, Maestro, Mastercard.

The auction takes place on Friday the 26th of February from 15.00 – 17.00 hrs.

As auctioneers, we were able to commit dr. Ellen Maurer Zilioli and Munich based author Su Turhan, and we look forward to an exciting afternoon.
